EDITION 2026

01 · OVERVIEW

Manage your home like a well-run organization.

AntA Home tracks staff, scheduled maintenance, warranties, stock, seasonal checklists and costs — all in one secure, locally-hosted place. Resilient by design: keeps working without internet, keeps data on your premises, switches online when you want analytics.

02 · FEATURES

Everything built in, nothing rented

Every capability below is part of the platform by default — no premium modules, no per-user unlock fees. Local hosting, full control, and unlimited usage where applicable.

- Household staff and employees
- Recurring and scheduled maintenance
- Device warranties
- Stock and storage
- Regular and seasonal checklists
- Cost tracking reports
- Smart maintenance and repair reporting

03 · WHY ANTA

Offline security. Online intelligence.

AntA Home is hosted on your own resources and keeps working when the internet doesn't. When you need analytics, remote access or integration, switch online — on

your terms, never as a condition of the software working at all.
